ENTIRE BELGIAN COASTAL REGION IS CLEARED OF ENEMY GERMANY AND AUSTRIA SEETHING WITH ANGRY TURMOILS

Last of Great Submarine Bases of Huns in Belgium Taken by the Allies.

Withdrawal From Coastal Regions Shows No Signs of Abating.

British Push On Beyond Lille.

Germany's Rejoinder to President Wilson Reported Ready.

BRUGES TAKEN

(By Associated Press Cable)

British Headquarters in Flanders, October 18.—(Reuters)—Belgian infantry forces entered the city of Bruges today.

ZEEBRUGGE FALLS

(By Associated Press Cable)

London, via Montreal, October 18.—Zeebrugge, the port of Bruges and the second important German submarine base on the Belgian coast, has been occupied by allied forces.

(Associated Press War Editor)

The German withdrawal from western Belgium and the coastal region shows no signs of halting. The allied forces are pressing rapidly after the retiring enemy, and additional cities and towns have been occupied.

From Lille southward the German retirement is not so rapid but the British maintain strong pressure all along the line. Further south the enemy is retiring from the angle between the Oise and Serre rivers.

Zeebrugge, the second and last of the submarine bases on the coast, is reported to have been occupied by the British forces, probably naval units, and the enemy is reported to have evacuated Bruges which Belgian cavalry and infantry have entered.

In the center the French and Belgians continue to advance toward Ghent by way of Thielt.

BRITISH PUSH ON

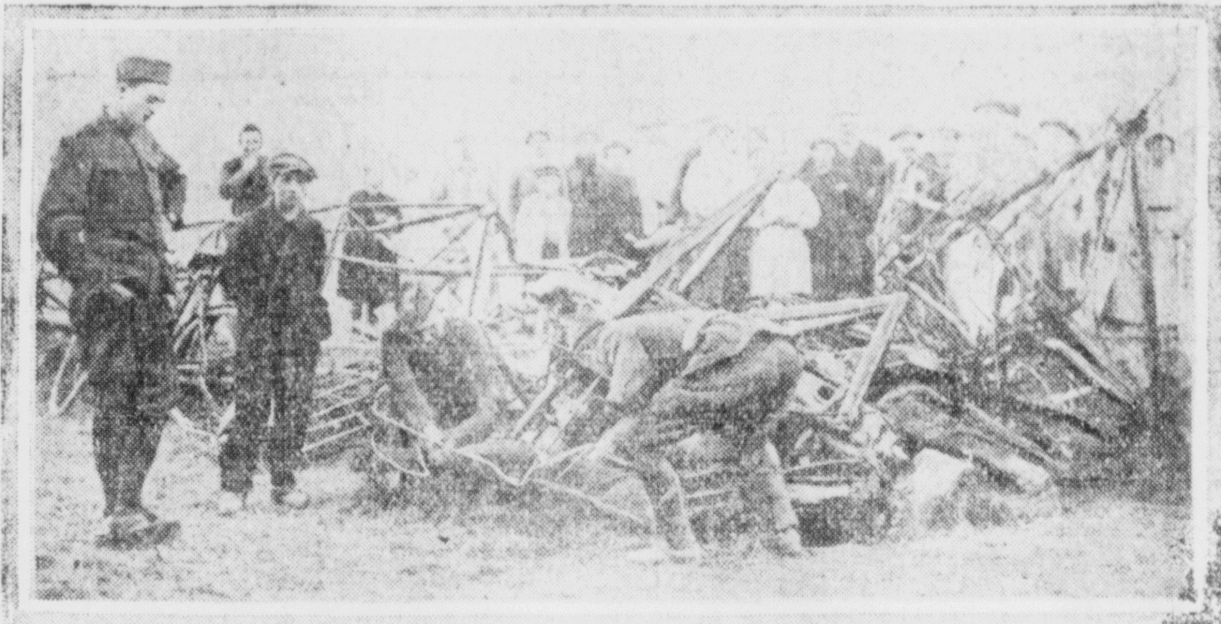

In the Lille region the British are working eastward toward Tourcoing and Roubaix, and the fall of these cities would appear to be a matter only of hours. East of Douai, Field Marshal Haig is marching toward Valenciennes. In the operations south of Valenciennes Thursday the British took 4,000 prisoners.

The German retirement between the Oise and Serre was made necessary because the enemy was in a pocket, the sides of which were being pressed by the French. The French are advancing northeastward from the junction of the two rivers and have taken Angoulême, two miles east of the junction and north of the Serre.

Northwest of the Argonne General Gouraud is battling forward against stubborn resistance and the front west of Grandpre has been extended to Vouziers. In the neighborhood of Vouziers the French have carried out an important stroke by crossing the Aisne river. Evidently the French aim to advance northeast from Vouziers and outflank the Germans in the Boul forest. This would be of greatest assistance to the American advance east of the forest.

Continued rains have retarded the American advance in the Argonne sector.

HUN AIRMAN BROUGHT DOWN IN ATTEMPTED RAID

HUN RAIDER BROUGHT DOWN NEAR PARIS

Due to the intricate defense set about the French capital, Hun raiders are finding it increasingly difficult to carry out successful raids on Paris. It has been many a day since a Hun airman has broken through the outer defenses of the city. The photograph shows American officers examining the ruins of a German plane brought down during an attempted raid.

MARSHAL FOCH

This is one of the most recent and the first photograph of Marshal Foch, Generalissimo of the Allied Armies showing the great leader in the full uniform of a Marshal of France.

PERSHING GAINS

In spite of the bad weather and terrible condition of the ground, General Pershing's men have gained ground east of the Argonne. Cote Chatillon, a dominating height, has been taken and positions near it are solidly held by the Americans.

REJOINDER READY

Germany is expected to send a rejoinder to President Wilson's reply to the peace proposals of Prince Maximilian. It is reported the note was sent last night. Von Hindenburg is reported in Berlin to participate in the framing of the note.

UNDER CONTROL

Chillicothe, O., October 18.—Major Duckwall, Camp Surgeon at Camp Sherman, announced today that the influenza epidemic is a thing of the past and he anticipates no further trouble from the epidemic.

BELIEVE TROUBLES ON OHIO ELECTRIC NEARING AN END

By Associated Press Dispatch.

Columbus, O., October 18.—Hope that the labor troubles between employees and officials of the Ohio Electric Railway Company would be settled in Springfield with the arrival there today of Chas. Benheim, a member of the War Labor Board, was expressed by officials of the company today.

Conductors and motormen of the system have been on strike for two days. Mr. Benheim wired James Hargay, organizer of the carmen's union from Philadelphia last night, that he would be in Springfield this afternoon.

EMPEROR PROCLAIMS NEW DEALS IN AUSTRIA

Issues Proclamation For a Federalized Austria "on the Threshold of Peace."

(By Associated Press Cable)

Vienna, via Basel, Switzerland, October 18.—Steps for the organization of Austria on a federalized basis were proclaimed by Emperor Charles today. The plan does not include the union of Austrian Poland with the independent Polish state, the Emperor declared. The city of Trieste and the Trieste region will be treated separately "in conformity with the wishes of the population."

The proclamation is in part: "The terrible struggles in the world war have thus far made the work of peace impossible. The heavy sacrifices of the war should assure to us an honorable peace on the threshold of which, by the help of God, we are today."

"Austria must become in conformity with the will of its people a confederate state in which each nationality shall form on the territory which it occupies, its own local autonomy."

"This does not mean that we are already in envisaging the union of the Polish territory of Austria with the independent Polish states. The city of Trieste with all its surroundings shall, in conformity with the desires of the population, be treated separately."

Enemy Aliens Suspected. Columbus, Oct. 18.—State Fire Marshal Fleming reported he had dispatched his first deputy, Joseph Hershberger, to investigate a bad fire near Marion. A series of blazes in the vicinity of Urbana are being investigated and arrests are expected hourly. Another big fire near Warren is being looked into, and a big coal tippie fire has just been reported. Enemy aliens are suspected.

MOBS SINGING MARSEILLAISE RIOT IN BERLIN

Hungarian Diet in Violent Uproar as President's Note Is Discussed.

Rumors Persistent in Switzerland That Germany's Rejoinder Is on The Way.

Von Hindenburg to Visit Berlin for Reichstag Meeting.

(By Associated Press Cable)

Amsterdam, October 18.—A demonstration by the German independent socialists in Unter-Den-Linden, Berlin, today is reported by the Cologne Volks Zeitung. The crowd sang the Marseillaise.

The police, according to the newspaper, prevented the demonstrators from reaching the Imperial Palace. There was a clash in which some of the crowd were slightly injured by the police sabres.

RIOT IN HUNGARIAN DIET

(By Associated Press Cable)

Basel, Switzerland, October 18.—Scenes of tumult prevailed at the meeting of the Hungarian Diet yesterday, during which demands for peace were made and it was announced Austria was being organized on a federal basis.

So great was the uproar that the presiding officer was obliged to adjourn the sitting. The disorder continued, however, the deputies calling each other blackguards, liars, etc.

Dr. Alexander Wekerle, the Hungarian premier, said that the Federal states which would be formed in Austria, would organize their economic and military on autonomous and independent basis. He made an appeal for united action of all parties.

BERLIN DISCUSSES NOTE

(Associated Press Cable)

Berne, October 17.—President Wilson's reply to the German note has created a new state of affairs in diplomatic discussions relative to peace, it is reported here from German sources, and the German reply, it is said, will make it clearly understood that the tone employed by the President was open to objection.

There have been passionate discussion of the reply at meetings of all groups of the Reichstag, but no line of policy has been determined, although there has been long deliberations on the subject.

The presence of Von Hindenburg in Berlin is believed to foreshadow the drafting of the German reply to Mr. Wilson. Under the circumstances it is uncertain whether the Reichstag will meet tomorrow. In any case there will be no plenary meeting of the parliament before the reply is forwarded, then there will be a full debate in which the socialists will take part.

CLOTHING FOR SIBERIA

The War Department has taken special steps to clothe the American troops operating in Siberia. Specially made fur coats, hats, gloves and heavy overshoes will soon be shipped to the forces there. The above photograph shows the outfit complete.

80,000 CASES OF INFLUENZA RAGE IN STATE

By Associated Press Dispatch.

Columbus, O., October 18.—With approximately 80,000 cases of Spanish influenza already reported to the State Health Department acting health commissioner J. E. Bauman today said he did not expect the epidemic to reach its crest before the latter part of next week. Additional affected centers are reported each day.

Columbus, according to Mr. Bauman, is the only large city of the state where the disease has not yet obtained a wide spread. Hamilton, Marion and East Palestine were said to be the worst affected.

Physicians of other cities have been detailed to assist where needed.

CORPORATION TAX IS FINALLY FIXED

By Associated Press Dispatch.

Washington, October 18.—The Senate Finance Committee in revising the war revenue bill today, amended the House provision by fixing a flat tax of 12 per cent upon the net income of corporations, and eliminated the section imposing a 6 per cent additional tax upon undistributed earnings. It is estimated this reduces the tax \$140,000,000.

ARE RELEASED

By Associated Press Dispatch.

Washington, October 18.—Questionnaires for men of the 37 to 46 and 18 age classes under which the draft was ordered, were released today by Provost Marshal General Crowder in all local board districts where the classification for other groups had been completed.

NEW SPIRIT MANIFEST AS DRIVE NEARS END

Tremendous Sums Yet to Be Raised but American People Are Rousing to Task.

Big Subscriptions Are Looked For Now to Come Rapidly.

By Associated Press Dispatch.

Washington, October 18.—The Fourth Liberty Loan today is on the home stretch of the campaign with \$4,250,000,000 subscribed and \$1,750,000,000 to be raised in the short period remaining.

Despite the tremendous unsubscribed balance reported headquarters said they would be satisfied with nothing less than oversubscriptions.

It was apparent from the flood of early morning telegraphic reports that a new spirit pervaded loan committees everywhere to go far above the individual mark set for them. This prompted national campaign managers to hope anew for a large oversubscription.

Scores of messages today told of plans for suspending business in communities tomorrow to minimize interference with the last day's round up. Several hundred thousand men and women who heretofore have taken only a passive interest in the loan drive have been enrolled as solicitors for the last day.

LOAN DRIVE OUTLOOK IS IMPROVING

"If Doubling Up" Is Continued The Loan Will Go Over Says Cleveland Officials.

By Associated Press Dispatch.

Cleveland, O., October 18.—A more optimistic tone pervaded Fourth Liberty Loan reports received here today from all parts of the district. Early estimates placed the combined sales and pledges at \$529,439,000 with the official district sales placed at \$350,182,950.

If the doubling up of subscriptions is sufficient to maintain the gains of the last few days the Fourth district will go over," Chairman D. C. Willis said.

"The outlook is decidedly brighter but we are still a long way from our goal. There cannot be any let up."

Six counties in Ohio: Hardin, Erie, Morgan, Seneca, Greene and Fulton, and 12 counties in Kentucky went over yesterday.

OHIO NAMES

By Associated Press Dispatch.

Ottawa, Canada, October 18.—The Canadian casualty list today contains the names of the following Ohioans: Killed in action: A. Beck, Millers City; J. E. Currie, Marion.

BACK BOYS BY BUYING BONDS WITHOUT DELAY

Call to Greater Action in Closing Hours of Fourth Liberty Loan Campaign in Order to Place Fayette on Honor Roll—Hundreds of Additional Subscriptions Wanted.

"Now is the time for all good men to come to the aid of their country!"

Some Fayette county citizens who have not yet done their duty toward supporting their country in the Fourth Liberty Bond issue have another day of grace—Saturday—in which to show their loyalty in backing the boys in the trenches by buying bonds—by furnishing them with guns, ammunition, food and the very assurance of complete support.

Chairman Ballard, of the Fayette County Liberty Loan Committee, and Chairman Daugherty, of the Fayette

\$900,100

War Council Chairman Daugherty Friday afternoon announced that the total subscriptions in Fayette county had reached \$900,100, leaving \$100,000 of the amount sought to be raised between now and tomorrow night.

County War Council, Friday morning announced that to be a thorough success, several hundred additional subscriptions must be made, and all workers are not only urged to greater efforts, but the citizens who are able to take the bonds are expected to do so as a solemn, patriotic duty, not only to themselves and fellow men, but to their country and the Great Commander who is with the allies in their battle against the brutes who sought to dominate the world by force.

It has been a very difficult matter for the organization to obtain reports from workers all over the city and county, and the telephone was kept

busy until a late hour Thursday night, and again Friday morning, with the result that it was learned that total subscriptions were probably not as large as had been expected, and that there must be some hard work and prompt response.

No bonds are to be sold by the workers after Saturday night, and all workers are expected to make complete reports to their chairmen Saturday night, and the chairmen telephone the result to the War Work Council without a moment's delay. Complete reports are wanted tonight, also.

The success of Fayette county's Fourth Liberty Loan is now in the hands of those who have not subscribed, or have not taken all the bonds they can, and in the hands of the faithful workers.

BELL TELEPHONE ANNOUNCES CHANGE

From now onward the Bell Telephone exchange in this city will not answer inquiries giving the location of fires, etc., it is announced by Manager H. E. Conwell, who has received his instructions from the officials of the company.

The same rule will be applied by the Bell in other Ohio towns, because the answering of such inquiries, it is explained, disorganizes the service so that important calls must necessarily wait until the rush of inquiries about fires is over.

POTATOES BLOOM MIDDLE OF OCTOBER

A Wayne township farmer has a potato patch which has been blooming the past week or two, although the potatoes were planted about the usual time and the vines apparently were almost dead before the fall rains started a few weeks ago.

Since the rains the vines have sprung into new life and have been making additional growth and blooming. The potatoes themselves also are increasing in size.

CLOCKS WILL BE TURNED BACK AT 9 P. M. OCT. 26

On Saturday night, Oct. 26th, at nine o'clock, the Court House clock will be turned back one hour—the signal for all clocks and watches in Fayette county to be turned back in accordance with the time change adopted by Congress last spring as a daylight saving plan.

The time when the railroads turn their clocks and watches back one hour will be at two o'clock Sunday morning, Oct. 27th, but owing to the fact that few persons would wish to arise and turn their clocks back at that hour or wait until next morning the time for readjusting the clocks and watches has been fixed at nine o'clock in this city and county, and persons desiring to leave by train between that time and two o'clock the following morning should take the change into consideration.

Persons who retire before nine o'clock Saturday night, Oct. 26th should turn their clocks and watches back just one hour so that when they arise they will be "on time," and will get the benefit of the additional hour's rest.

There will be no "new" and "old" time after the time comes for turning the clocks back. There will be only one time and that will be the time indicated after all clocks and watches are turned back the required hour.

DESCRIBES METHOD OF HANDLING "FLU"

Discussing the influenza situation and manner of successful treatment of the disease to prevent undue complications which might terminate fatally, Dr. E. F. Todhunter states that he has found the following method very satisfactory and highly successful.

At the first indication of fever, the patient is put to bed in a room in which abundance of fresh air can be admitted without creating a draft on the sufferer. Sufficient bed covering used to keep the patient warm but not to sweat patient. Necessary medicine administered to keep patient in proper condition, and after fever has left in two or three days, patient is then permitted to be up part of time and kept in bed part of the time until strength returns, after which the patient is permitted out of doors in proper weather and with clothing to keep warm but not to sweat patient.

"The News"

The world, during the last four years, has passed through the most tremendously stirring times in all history. Every day the very enormity of developments has gripped the people in its crushing intensity. The fate of nations and the fate of peoples have hung in the balance and sometimes, apparently, freedom of mankind has approached perilously near the precipice.

With a tenacity and a determination which reveals, in great measure, the cause of success, the great nations of free peoples have refused to be discouraged in the face of disaster.

Now the tide has definitely turned. Autocracy is crumbling in ruins. The dynasty of the Hohenzollerns, those barbarian monarchs with the aims and ambitions of the middle ages, who would drag the world back to savagery, is doomed to fall as the great armies of the modern crusaders approach the Rhine.

The German people are, at last, waking from their horrible spell of world conquest which the Kaiser and his war lords cast upon them.

Liberty's torch is lighting the way for the German people, the dark shadows are being dispelled.

President Wilson's reply to the message of the foreign secretary has pointed the way out and Emperor William and the House of Hohenzollern must perish as the righteous wrath of the long down-trodden millions begins to break into angry flames.

Startling as has been the news heretofore while an anxious world waited, breathlessly, the developments at the battle front, we may be prepared for even more startling news as the great bulwark of autocracy falls apart under the tremendous blows of the allied armies.

As the once powerful German government disintegrates we may expect conflict in the news dispatches and much of rumor preceding the receipt of actual "official" or "confirmed" information.

It is the duty of the publishers to give the news for what it is worth to an intelligent, an anxious and a discriminating public, and that public, as confused reports precede peace and follow in the wake of the German government, as it breaks to pieces under the quiet diplomacy of President Wilson and the mighty blows of Foch, Haig and Pershing, must take the reports for what they are worth, draw their own conclusion and be patient.

Newspaper men are, as the big news "breaks" a hard worked and a hard working set of men. They are here, there and everywhere to get every scrap of news and give it to the public.

People would not be content to wait until officialdom had painstakingly sifted the wheat from the chaff, so it's up to the news gatherers to get it all and the publisher to give it to the public just as it is, and that public to take it for what it's worth.

It's all good these days.

Give It to Them

The school authorities of Union township are asking the people of the township for an extra sum of twelve thousand dollars to complete and equip their school buildings and place the school plants at least on a firm basis.

It is not generally popular to champion bond issues and increased levies, but without delving deeper into the details of this application than to be satisfied that honest and capable men are directing school affairs in Union township and that the bond issue will mean about one-sixth of one mill additional tax levy to meet the yearly maturities, we believe the bond issue should be voted at the election.

We know, too, that the present new school buildings are a good investment; that they could not be duplicated now for twice the contracted cost. We know also that the schools of Ohio are woefully short on money and we know that we can't have educated people without schools and teachers and that education is the foundation of our national strength.

The time has come when we must, to a great extent, take the word of men into whose keeping we have placed the great common schools, trust them to do the right thing and support them.

There must be an end of opposing just for the sake of opposing every request for financial aid. We are drifting into a rut of opposition to school authorities which is rapidly growing into a real menace.

There may be, of course, in this, or in other applications, some special ground of objection, but it hasn't appeared thus far.

If we want better citizenship we must support our schools—support them with our money.

POEM FOR TODAY

KARL ROSNER

Karl Rosner on an autumn day
Esayed to check the wide dismay
And print what Wilhelm had to say.

Karl's job, you know, is pouring
cheer
Into the German nation's ear
When courage needs must persevere.

At any rate, his present quest
Betook him to that martial breast
Whose faith surpasses all the rest.

"Some word of cheer, when perils
crow
Ourselves and allies in the row,"
Said Karl, "is what is needed now."

Whereat he crossed the royal mat,
And lightly fingering his hat,
He entered where the Kaiser sat.

"All Highest," said the eager scribe,
"A moment that I may imbibe
A word of courage for the tribe!"

The Kaiser raised his ashen face
And heavily surveyed the place,
As if bewildered for a space.

Then, seeing Karl, he turned about
And answered with a royal shout:
One word? I'll make it two; GET
OUT!"

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

One was blind and one arm off; his face was shrapnelled. I played in nine wards—the last one filled with shell-shocked men, and the only thing that soothes them is music. Guy Bumgarner, Son of J. N. Bumgarner, Describes Exciting Times Battling The Huns and Making Them Flee—With Machine Gun Company.

Private Guy Bumgarner, son of Mr. and Mrs. J. N. Bumgarner, of the Lewis Pike, who is with a machine gun company in the thick of the fighting in France, writes the following interesting letter to his parents:

September 17, 1918.

Dear Folks:

I received a letter from you dated July 29. Well I have had a little fun since I wrote you last. I have been over the top, and came through safe and sound. Went over September 12th. Was in the big drive and believe me the Americans sure gave the Dutch a hard run. In four days they captured 15,000 prisoners and 150,000 acres of ground. Well, we took in one day and a night what they thought would take 10 days. We were pretty well all in when we stopped and our losses were not very heavy. I tore my rain coat nearly off and lost one legging.

Well I ate German bread and sugar and smoked German cigars.

I had a funny experience the other morning. We had hiked since noon the day before and camped at 2 o'clock in the morning. We slept until about 10 o'clock. I awoke and another fellow and I started out to hunt some water in the woods. This drive has been through woods so thick you don't know where you are.

Well, we got a good ways from camp and all at once we saw two Germans laying in the woods. Well the woods was full of snipers and I thought these were snipers. We had left our revolvers so we beat it. But the laugh was on us for they were dead. But the night before I was detailed to help get a broken ammunition cart along and a sniper took a shot at us. So do you blame us.

Well I bet the sender never lets all this by but let us hope so.

I got a couple of bundles of papers from you. I hope you are all well and don't worry about me I know it is hard but we can do nothing but trust in the Lord. I hope this thing is over soon because it is no joke.

Well I had better quit as I have no more paper. So not knowing which may be my last letter, but hoping to see you all again. I am sending love and a kiss.

Your son,
Pvt. GUY BUMGARNER (2432,009).

OSTEND

Ostend, a city with a former population of 43,000, is located on the Belgian coast in West Flanders, and was chiefly noted as a seashore resort and during many years prior to the war, noted for its gambling facilities. A seawall three miles in length, 40 feet high and 35 yards across formed a favorite promenade. It was one of Belgium's chief ports with a heavy trade in foodstuffs, including fish, butter, rabbits, oysters, etc.

Since its occupation by the Germans late in 1914 it has been used as a naval base by the enemy, being connected by large canal with Bruges, which also is connected by canal with Zeebrugge, coastal town further northward, the three towns forming the

German submarine bases on the English Channel.

Ostend is memorable for the protracted siege by the Spaniards which it underwent from July 7, 1601 to September 20, 1604.

"The Fat and Cowardly People of America"

Not long before America entered the war Admiral von Tirpitz, the arch-fiend of the German navy, in one of his periodical bursts of boastfulness and rage, exclaimed:

"One of these days we will occupy the English coast towns and will demand that the British fleet be turned over to us. Then we will sail for the fat and cowardly people of America and make them pay for the war."

That is the future of American money as planned by the insulting assassin of the Lusitania,—the evil beast whose submarines have murdered, and continue to murder, women and children and helpless civilians.

That is what is planned for YOUR dollars by the war lords of the Hun.
BUT NOT YET.

You and the rest of America have something to say about it.

You still have the opportunity of deciding, without any help from Berlin, what is to be done with your dollars. You can put them into **LIBERTY BONDS** and, in von Tirpitz's words, "pay for the war," but in a very different way than he intended.

Our heroic soldiers and sailors have shown the Hun whether they are "fat and cowardly". Let your dollars do their duty, too.

**GO TO ANY BANK TODAY AND
BUY YOUR LIBERTY BONDS.**

LOYAL CITIZENS GREATLY PLEASED OVER BAN LIFTING

Fayette county citizens are greatly pleased with the U. S. Fuel Administration order lifting the ban on gasless Sundays, and while there will be a multitude of cars used each Sunday from now onward, there probably will be a tendency among most citizens to conserve to a greater or lesser extent in order that the ban will not be replaced.

Fayette county citizens—with a very few exceptions—observed the government request to the letter, and those who did not were scored heavily by all who saw them and lost much in the esteem of their neighbors and friends.

The observance has made it possible, according to the Fuel Administration to save 1,000,000 barrels of gasoline for overseas shipment and toward winning the war.

The ban is now completely lifted and autos may be used as usual on Sundays, beginning Sunday Oct. 20.

FUNERAL SERVICES MRS. FLOYD HARPER

A large number of friends gathered at Sugar Creek cemetery Thursday morning for the funeral services of Mrs. Floyd Harper.

Rev. Jason Henkle officiated, speaking with deep feeling of the devoted young wife and mother and offering all possible comfort to the husband and four little children, so terribly bereaved. The hymns were read.

The pallbearers were Messrs. Alva Kirk, John Kirk, Earl Kirk, Harley Harper, Homer Harper and Pearl Brown.

The casket was surrounded by beautiful flowers.

Relatives coming to attend the services were Messrs. Bert Burris, Granville Burris, John and Earl Kirk of Sabina.

ORDER NUMBERS NEW DRAFTEES

Following is the order in which new registrants in Fayette county were drawn in the recent draft lottery. For convenience the numbers are grouped in 100 each. To know their exact turn, or order in which they were drawn, registrants are to follow this rule: Find your serial number, previously published. If it should, for example, be the 56th number in the group containing the fifth hundred, the order number is 556.

3,000,000 tons of coal were used by the brewers of the country in 1917

The saloons probably used 3,000,000 tons more.

Schools, churches, stores and factories closed up for lack of fuel. Men, women and children suffered in cold homes.

STILL THE BREWERIES AND SALOONS WENT ON BURNING COAL TO PRODUCE AND SELL INTOXICANTS.

Miners who drank the intoxicants mined less coal. On July 12, 1918, the National Coal Association reported to Congress that "a comparison of the records of production of mines in wet and dry territories furnishes ample proof of the need of prohibition."

Thousands of railroad cars are used in transporting supplies to and from breweries.

Meanwhile people suffer lack of necessities and WAR PREPARATION IS HINDERED BECAUSE OF CAR SHORTAGE.

The liquor traffic always has been after the dollars REGARDLESS OF WHO WAS HURT.

But when the liquor traffic stands in the way of AMERICA'S WINNING OF THE WAR, thousands of Ohio citizens who voted "wet" in previous years have decided it is high time to abolish the liquor traffic altogether. It certainly is!
